

**Jawaharlal Nehru Planetarium**  
Bangalore Association for Science Education

**SPECIAL LECTURE**

by

**Prof. P Ajith**

Physicist/Astrophysicist

International Centre for Theoretical Sciences, Bengaluru

**Celebrating  
100 Years of**

**‘Light Bending Experiment’**

Date:  
**29<sup>th</sup> May 2019**

Time:  
**10:30 am**

Venue:  
**Jawaharlal Nehru Planetarium**  
Sri T Chowdaiah Road  
High Grounds  
Bengaluru 560001

May 29, 1919 is a historic day in the annals of science. Astronomical observations recorded during the total solar eclipse on that day verified one of the predictions of ‘General Theory of Relativity’ – that, light bends in the vicinity of massive objects such as the Sun. We celebrate one hundred years of this landmark experiment carried out by a team of astronomers headed by Sir Arthur Eddington.
